IN EXPLOSION**

(Associated Press Dispatch)
Chicago, April 5.—Six or seven persons were killed and forty or fifty injured here today, according to police estimates, in an explosion which wrecked a building on Halstead Street, near Lake Street, while a restaurant on the first floor was crowded with Italian patrons eating their noonday meal.

**U. S. BOAT
IS SUNK**

By Associated Press Dispatch.
Washington, April 5.—Sinking without warning of the unarmed American steamer Missouri, which left Genoa April 4 with thirty-two Americans among her crew of fifty-three, was reported to the State Department today by Consul Wilburt, at Genoa. The crew was saved.

New York, April 5.—The American steamship Missouri, owned by the American-Hawaiian Steamship Line, left here March 6 for Italian Ports.
The ship was unarmed and carried on her westward voyage a general cargo.
She was commanded by Captain William Lyons and carried a crew of fifty-one, of whom seven were American citizens, according to the shipping records here.

**HERO ON THE
RETIRED LIST**

(Associated Press Cable)
Paris, France, April 5.—General Foch, the hero of the battle of the Marne, has been detached from active service. A list of promotions today contains a brief announcement to this effect. He is succeeded as general of division by General Labrie, formerly chief of brigade.

General Foch is 66 years of age and has enjoyed a brilliant reputation as one of the foremost strategists in the French army.
At the battle of the Marne, General Foch held the center of the French line with 120,000 men.
He was opposed by 200,000 Germans, including the famous Prussian Guards. When both his wings were being driven back, General Foch launched a terrific attack against the German center, which was completely successful and forced the entire German line into a general retreat.
The Marne says that General Foch will remain on the active list, but without a command. His services will be at the disposal of the Minister of War.

CONFIRMED

By Associated Press Dispatch.
Washington, April 5.—Official confirmation of Ambassador Penfield's return to this country from Vienna was given by Secretary Lansing today, for the first time since the rumors started about a week ago that he was coming back. No reasons for the return however were given.
Secretary Lansing said Ambassador Penfield would leave Vienna tomorrow, going by way of Switzerland to Spain, as did Ambassador Gerard, so as to sail on a neutral steamship from a neutral port not within the German submarine zone.
In that case, he will go via Cuba and arrive in this country in about three weeks.
The Austrian situation still remains uncertain, with a preponderant opinion here that German influence will force the dual monarchy to share German relationship with the United States.

ASK THREE BILLIONS FOR WAR

Appropriation of Gigantic War Fund, Increasing Naval Strength to 150,000 and Increasing Army To 2,000,000 Men Sought of Congress Taken As Grim Determination of President to Prosecute War Whole-Heartedly.

UNPUBLISHED PORTION OF ZIMMERMAN LETTER CAUSES PROFOUND SENSATION

Formal Entry of United States in World Conflict Now Matter of Only Few Hours is Announcement Coming From Nation's Capital.

Washington, April 5.—(Associated Press Dispatch)—Debate on the war resolution dragged along in the House through the day in such a perfunctory manner that scarcely at any time were the floor or galleries filled.

Its passage a foregone conclusion, the debate was prolonged only by the plan of the Administration floor leaders to give every opponent his opportunity to speak.

Passage of the war resolution before adjournment tonight was assured, and then, with the President's signature to the resolution, already passed by the Senate, a state of war between the United States and Germany will be a formally accomplished fact.

While the House was hearing the speeches, the first concrete act to make provision for the conduct of the war came from the War and Navy Departments, which submitted estimates for appropriations of \$3,400,000,000 to be spent within a year.

It was the first official manifestation of the President's determination that the nation must enter the war wholeheartedly and with all its force.

The sum asked of Congress for a year's operation is three times as much as has ever been spent in any one year for all the operations of the government.

Officials and leaders in Congress began consideration of ways to raise the vast sum. At the time chairman of the military committees in House and Senate went over the War Department's army bill which provides for raising an army of 2,000,000—the first million by expansion of the Regular Army and National Guard, and the remainder by universal service.

**GERMANY OFFERED TO SUPPLY MEXICO
WITH MUNITIONS TO USE AGAINST U. S.**

Washington, April 5.—(Associated Press Dispatch)—Representative Miller of Minnesota, Republican member of the Foreign Affairs Committee, sprang a sensation during discussion of the war resolution in the House today by declaring that an unpublished paragraph of the Zimmerman note offered to establish a submarine base in a Mexican port and to supply Mexico with unlimited quantities of arms and ammunition and send German reservists in the United States to Mexico.

The unpublished portion of the Zimmerman note, Miller quotes as follows: "Agreeably to the Mexican Government, submarine bases will be established at Mexican ports, from which will be supplied arms, ammunition and supplies."

"All reservists are ordered into Mexico. Arrange to attack all along the border."

Representative Miller further said he understood three German schooners had landed on the western coast of Mexico, and that Villa was surrounded by German officers, who had taken charge of the drilling of his men.

Reliable information, he said also, was that the Carranza army was "not much better."

ASK \$3,400,000,000 FOR WAR

Washington, April 5.—(Associated Press Dispatch)—Requests for immediate appropriation of \$3,400,000,000 for the Army and Navy were made to Congress today by the executive departments.

Provision is made for increasing the enlisted strength of the Navy to 150,000 men and to increase the marine corps to 30,000.

Of the great sum, a little more than \$2,930,000,000 is asked for the Army. The details of the estimates approved by President Wilson follow:

To be immediately available to the War Department, \$2,932,537,933. Secretary Baker stated that this amount was required for the period of one year from the date the appropriation is made available, and added that "it is considered imperative that the amount be appropriated immediately for military expenditures necessary for the national defense."

To raise the authorized enlisted strength of the Navy and Marine Corps to 150,000 men and 30,000 men respectively, \$175,855,762 was asked to remain available until June 30, 1918.

For actual and necessary expenditures for the naval establishment, in addition to any and all other appropriations, to be expended in the discretion of the President, \$292,538,790 was asked, with the provision that limitations imposed by existing law should not apply to the expenditure of the funds.

For the coast guard, \$600,000 is asked to enable it to bring its present telephone system of coastal communication to a high state of efficiency.

The estimates were immediately referred to the Appropriation Committee.

BOND ISSUE IS BEING CONSIDERED

Washington, April 5.—(Associated Press Dispatch)—Formulation of tax measures for the war has not reached a definite state but there are indications that the Treasury will endeavor to raise by one bond issue as much of the \$3,400,000,000 asked today for the Army and Navy as cannot be obtained by new and increased taxation.

Unofficial estimates to the Federal Reserve Board officials indicate there would be no great difficulty in raising \$2,000,000,000 at once by a bond issue of three and one half per cent.

Governors of the banks now in session here discussed the contemplated issue today and the interest rate.

A rate of three and one half per cent, rather than three per cent, was favored. The general opinion was that the first issue should bear the same interest rate as contemplated for subsequent issues.

**BOSTON COMMON, THE FOCUS OF AMERICANISM,
AGAIN SEES AN OUTPOURING OF PATRIOTISM**

FLAG RAISED ON BOSTON COMMON IN PRESENCE OF IMMENSE THROG

Boston, ancient and modern cradle of American patriotism, has put on her war paint. At the moment that the wires flashed the word that congress had assembled in mementous session, the biggest flag to which New Englander ever raised their hats was flown to the breeze above Boston Common. A woman's voice began "The Star Spangled Banner," a half dozen bands struck up the national air and a chorus from a hundred thousand or more men, women and children rolled across the old training ground out into the Public Garden and was echoed from crowds that surged in the streets in front of the

**TWO BELGIAN
RELIEF BOATS
GO TO BOTTOM**

(Associated Press Cable)

London, April 5.—The Belgian steamer Trevier, from New York with Belgian relief supplies, was torpedoed without warning on Wednesday.

While the boats of the Trevier were being lowered, the submarine fired on them, severely wounding the captain, the mate, the engineer and a cook.

The Trevier sailed from New York on March 5 for Rotterdam and was reported arriving at Halifax en route on March 8. She was a vessel of 3,001 tons gross.

**ANOTHER RELIEF
SHIP GOES DOWN**

By Associated Press Dispatch.

New York, April 5.—The Belgian relief steamship Feistein has been sunk in the North Sea, while approaching Rotterdam, according to a cablegram received here today by the Belgian Relief Commission. It is believed she struck a mine.

The commission has received no word from the London headquarters, which sent the message about the

statehouse, down Tremont and Boylston streets and around into the Back Bay.

The younger generation had not witnessed such a scene. Their elders said that it had not been approached since the outbreak of the Spanish war. War veterans hoisted the colors which ceremony came as a climax to a patriotic meeting addressed by the governor, mayor and army and navy officers.

Felstein, regarding the torpedoing of the Trevier.

Both vessels carried crews made up mostly of Belgians and Hollanders, and it is believed no Americans were on either vessel.

The cablegram did not state how or when the Feistein was sunk, or whether any lives were lost.

The assumption that she was mined was based on the fact that all other commissioned vessels lost near Rotterdam met disaster in that way.

It was believed if she had been torpedoed the fact would have been mentioned.

Both the Feistein and the Trevier carried solid cargoes of wheat for people starving in Belgium and northern France.

**USE OF PORT
OFFERED U. S.**

(Associated Press Cable)

Paris, April 5.—The first war measure to be taken in connection with the expected entrance of the United States into the war was introduced in the Chamber of Deputies today.

It provides for an agreement with the United States, if necessary, for the use of the port of Brest by American naval forces.

The measure provides generally for the utilization of the port to the best interests of the national defense.

**YOUNGSTOWN
NAB GERMAN
OPERATIVES**

By Associated Press Dispatch.

Youngstown, O., April 5.—Police here today arrested Charles B. Wein, 35, who admits he is a German reservist officer, and Johannes von Altenberg, aged 28, also a German.

In Wein's trunk they found a number of women's dresses and a khaki uniform.

Wein, who had been here four days, is supposed to have been one of the seamen who recently escaped from a German interned liner at Philadelphia.

Von Altenberg has been here several months and has been observed wandering around the big steel plants here.

Federal officers from Cleveland will question the men today. Police believe that Wein was on his way to the Mexican border.

**MANY GUARDSMEN
TO BE DISMISSED**

Columbus, O., April 5.—Orders were received by Adjutant General Wood today from the War Department ordering the discharge from the Ohio National Guard all soldiers having dependents, as well as those employed in munition factories or on government contracts. It is estimated that about 300 men will be discharged.

**JUNCTION
EFFECTED**

By Associated Press Dispatch.

The long expected junction between the British and Russians in Mesopotamia has finally been effected.

News of this important military development came in an official announcement in London that the patrols of the two armies had affected touch with each other.

The campaign for the conquest of Mesopotamia thus approaches a climax.

Converging columns of British and Russian troops have been fighting their way northward and westward respectively for more than a month.

The Russians started from Persia, and the principal column marched westward from Hamadan and moved rapidly towards the Mesopotamian border at Khanikin.

Presumably the Diale River force of the British and the Hamadan army of the Russians are the two groups that have effected the junction across the Mesopotamian border 100 miles northeast of Bagdad.

The two forces should not find it impossible to carry on an effective combined campaign against the Turks whose line of retreat is up the Tigris toward Mosul.

**"CANADIAN" IS
LATEST VICTIM**

By Associated Press Dispatch.

Boston, April 5.—The sinking of the British steamer Canadian, which sailed from Boston March 24, was reported sunk in a message received today from Queenstown by the Leyland Line from Dr. P. S. Burns, the ship surgeon.

The message stated that all of the crew have been landed except Captain Bullock.

**FOREIGNERS
TO BE GIVEN
OPPORTUNITY**

By Associated Press Dispatch.

Washington, April 5.—Official announcement was made today that foreigners in the United States who conduct themselves properly will suffer no loss of property or liberty as a result of a declaration of a state of war.

After receiving a formal opinion from Secretary Lansing, Secretary Tamm today sent the following telegram on the subject to Mayor Seger of Passaic, New Jersey:

"There is no danger of any foreigner who conducts himself properly suffering any loss of property or liberty by reason of a state of war, if such be declared by Congress."

Mayor Seger wrote to the white House after a meeting of mayors of New Jersey, at which the question was considered.

He reported that some foreigners in Passaic were taking their money out of the banks and in other ways indicating their apprehension.

MUST HAVE RECRUITS

Company M wants 50 to 75 men, at once.

Captain O. E. Hardway has received orders from Colonel B. W. Hough to recruit Company M to full war strength of 152 men, just as quickly as possible.

In accordance with this order he has placed an officer at the Armory, and recruits will be enlisted day or night.

The Fourth Regiment, of which Company M is a part, must have 2,050 officers and men. At the present time it has 1955 officers and men.

All men who are physically sound and are 18 to 45 years of age are eligible.

Young men between 16 and 18 years may enlist with the consent of their parents.

Ordinary privates are paid \$15 per month, board and clothing furnished.

First class privates are paid \$18, and the officers draw pay according to their rank.

A call to mobilize is expected at any time, and arrangements have been made accordingly.

New and additional equipment of the latest kind and similar to that used in the regular army, has arrived for the company, and is now stored at the armory on East Court street.

ENDORSE ACTION OF PRESIDENT

At the noonday session of the Dutch Treat Club, Thursday, resolutions of a ringing nature, heartily endorsing the action of President Wilson, were adopted by unanimous vote of the 60 men present.

No other business was taken up with the exception of extending to Mr. Ed Eite a hearty vote of thanks for the venison used for the dinner. Several new members were present. The resolution adopted by the club follows:

"Be it resolved by the Dutch Treat Club of Washington C. H., Ohio: That we heartily endorse the action of President Wilson in recommending to Congress that it pass resolutions declaring that a state of war now exists with the Imperial Government of Germany and that the President be authorized to use the army and navy and credit of our government to bring such war to a successful termination; that we hereby pledge ourselves to render all aid and encouragement within our power in assisting the President of United States in maintaining the honor and integrity of our government, and in protecting its citizenship on sea and land during these crucial moments of our country's history.

"Resolved further that copies of these resolutions be given to the press and mailed to the President of the United States."

PARENTS-TEACHERS' CLUB

The Parents-Teachers' Club of Eastside school met Wednesday evening with a goodly number in attendance.

The meeting was opened with a song by the club and was followed by a short address by the president. The principal business of the evening was the election of officers.

A splendid written paper on "The Boy and Girl in the Grammar Grades" was read by Miss Susan Putnam.

At the adolescent period the physiological change in both the boy and girl is rapid but the girl is usually a year more precocious than the boy.

The competitive games are used at this period. Outdoor recreation and gymnastic exercise are essential to proper growth.

The influence of the gang plays a great part in the life of the boy at this time.

Interesting discussions followed. This was the closing meeting of the year.

OFFER SERVICES

Thursday afternoon The Dahl-Campbell Branch of this city tendered the services of the firm to the Government to be used if needed.

The patriotic offer of the firm, as contained in the telegram follows:

"Hon. S. D. Fess,
"Member of Congress,
"Washington, D. C.

If our long experience in assembling food products would be of value to the government at this time kindly tender our services to the proper authorities.

"Dahl-Campbell Branch,

SOCIETY WILL BUY NEW CHURCH SITE

Announcement was made Thursday that the St. Andrews' Episcopal Church Society has arranged for the purchase of the corner lot, South Fayette and East streets, immediately south of the Glass House, for the purpose of eventually erecting a handsome church edifice upon the lot.

The lot in question is 53 by 165 feet in depth, and offers an ideal place for church building.

The lot is owned by Mrs. Mary Sturgeon, of Lancaster.

YOUTHFUL ONION THIEVES NABBED

A pair of thieves—a kind never before registered at the local police headquarters, fell into the hands of Chief Moore, Wednesday evening, being picked up for stealing onion sets from the Mark DeWitt garden on South Fayette street.

The thieves were two small colored lads who, it is claimed, had repeatedly helped themselves to the growing bulbs, plucking them from the earth and either eating them or resetting them for their own use.

FALSE REPORT SPREADS RAPIDLY

A false report said to have been started as a joke, spread over the city and county like wildfire Thursday.

The report grew out of the detouring through this city of eight or ten main line B. & O. trains, as result of a freight wreck, and was to the effect that German agents had dynamited the big B. & O. trestle over Paint creek, at Greenfield.

SPEECHES ARE MADE AT MASS MEETING HELD

Because of no thoroughly organized movement for the patriotic mass meeting at Memorial Hall, the attendance was small, but patriotism was not lacking, either in speeches or the reception of the speeches.

Mayor Oster presided over the meeting, and speeches were made by Henry Brownell, Hon. C. A. Reid, Attorney F. A. Chaffin and Dr. R. M. Hughey.

For the most part these speeches were ringing declarations of patriotic purpose, and reached responsive chords in the hearts of all who heard them.

Each speaker, although part of the mwere not aware that they would be called to the platform, expressed choice sentiment in support of President Wilson and Old Glory.

A committee on resolutions was appointed with instructions to draw up resolutions to be forwarded to President Wilson, pledging the unqualified support of this city "for liberty and humanity."

The committee on resolutions Thursday afternoon submitted the following:

"At a mass meeting of citizens held Wednesday evening, April 4th, at Memorial Hall, the following resolutions were adopted:

"Whereas: The President of the United States has seen fit to recommend to the National Congress that a resolution be enacted declaring a state of war to exist with the Imperial German government, and,

"Whereas: Conditions at the pres-

ent time demand that every citizen lend his best efforts to the support of our government, especially in upholding and encouraging our officials, therefore,

"Be it resolved: That we as citizens of Washington Court House, and as loyal Americans, endorse heartily the President's stand and pledge him our full support.

"Further be it resolved: That a copy of these resolutions be forwarded to the President, and that another copy be handed to the press for publication.

(Signed) COMMITTEE.

War

For nearly three years we have watched with horror the awful conflict which has involved the nations of Europe. For a time we felt secure and, with the broad Atlantic between us and Europe, could not see how it was possible for the United States to be drawn into the conflict, so long as an honest neutrality was maintained.

As the months rolled by one by one, and the conflict grew in intensity and scope it became increasingly difficult to maintain neutrality. Later on came the inauguration of the ruthless submarine campaign, its cessation at our demand and then its resumption. Injuries and insults multiplied. The feeling of security gave way to one of grave appreciation of the difficulties of sustaining neutrality satisfactory to each of the warring nations. Later came a just feeling of resentment at the terms the Prussian military power laid down as the price of peace. Then arose indignation and anger when our honest pride was wounded.

Thus gradually but certainly, in spite of all a peace loving president and a peaceful people could do the nation has drifted in the relentless current which has carried it now to the verge of war—a war which is no longer only a possibility of the dim and distant future but a present fact.

We are beginning now to realize what it means.

We know that thus far the United States has done everything possible to avoid war and that the majority of the people feel that to go farther in making concessions would be cowardice.

Secure in the knowledge that we as a nation, have adhered to principles of justice and humanity we need only to keep right and the future will take care of itself.

To What Extent?

Since the nation has reached the very edge of the precipice of war the question most frequently asked by American citizens of each other and of themselves is to what extent will the United States be involved in the world war.

That of course no mortal man knows nor can any forecast be made which would be more than the merest guess.

The United States will enter the war doubtless with the one single purpose—to protect American lives and American commerce on the seas. That is the issue now between this nation and the Prussian military power and the settlement of that issue will necessitate waging war primarily against the submarines.

One into conflict, however, there is no means of limiting the scope which it may take. In order to wage a successful campaign on the one issue it will be necessary that action be taken along other lines also.

There are the land forces to be provided for defensive purposes and to be available in the event the conflict cannot be confined to the sea.

Then too, there is the matter of finance. Undoubtedly this nation will be required to extend its credit to the nations now at war with the Imperial Government of Germany. These are only a few of the collateral activities which will immediately follow entrance into the conflict.

Developments may soon bring a still wider range in the conflict. No one can hazard a guess as to the extent.

War means war. There is no middle ground and we must enter determined to see it through. At present there is not much likelihood of any permanent alliance with the European powers or of sending an army to the continent, but it is not difficult to see that that too, might become necessary.

War is war. It can neither be refined nor its limits circumscribed.

THE OLD-TIME FIGHTERS.
(The War-Wife Speaks for the Old Brigade.)

Now, the Old Brigades, they want to go
At the Country's call—for to face the foe
As they did on the battlefields of old:
Their hair is gray, but their hearts
pure gold!
For don't I see, where the old flag flies,
The old warfire in my old man's eyes?
An' the beat of a drum—it stirs him so,
He forgets his crutches! He wants to go!

But I tell him: "There, in the easy chair,
Is the place for you, with the whiten-
in' hair;
You've seen your battles, and, lost or won,
For you the flash o' the fightin's done!"
But sudden he sees the troops march by,
And the wave o' the flags 'neath the
springtime sky—
It's the "Star Spangled Banner," and
"Dixie," you know,
And he's up and ready! He wants to go!

For the land's on fire, by hills and
glades,
And they want to be in it—the Old
Brigades!
Must they sit by in silence, like
shadows o' Night,
When even the Women are wantin' to
fight?
So it's no use to tell 'em—the old
Gray and Blue;
"Stand back and be still!" when the
war-cry rings true!
White locks on their foreheads, but
hearts of pure gold,
They're Sons of the Country who
never grow old!

LOCAL WOMEN WANT
TO JOIN RED CROSS

A number of Washington's young women have signified their willingness to enlist in the Red Cross corps for such work as there may be in connection with the coming war.

These young women have applied to Howard C. Allen, who has referred them to the proper person for enlistment. Most of those applying have never had nursing experience, but seek training so they may become efficient.

Many persons have applied to Mr. Allen during the past week, offering their services to the government in many important lines of work.

CHARGES NEGLECT
ASKS FOR DIVORCE

Rosa Hill against Albert Hill is the latest divorce action to be filed in the common pleas court.

According to the petition the couple were married December 21, 1911, and the defendant has been guilty of neglect during the past three years.

Alimony, divorce and restraining order are asked by plaintiff.

PROPERTY SELLS

Albert Elliot has disposed of his residence property, first house north of Dr. Stitt's new home on the Jeffersonville pike, to Newton Judy, who will take charge immediately and will make extensive changes in the premises. The deal was made through the agency of Chas. Gerstner.

MERGING OF TELEPHONES

Merging of the Ohio State and Central Union or "Bell" telephone systems in this city and county is expected to occur in the near future, according to reports in telephone circles.

This week articles of agreement in the merger of the two systems in Cleveland and Pickaway county were agreed upon, and announcement comes from that city that the next systems consolidated will be those of this city and Lancaster.

So far the two companies in this city and county are competing lines, and each has made expensive improvements and is continuing the work of extensions.

Inquiry elicits the information that if the merger occurs it may be a year or more, although there is a probability that it will come before the end of this year.

If the merger is made as expected, there will be only one system, and two sets of telephones will be unnecessary.

LOCAL CONCERN OFFERS PLANT

The Ortmann Motor Company of this city has offered its huge plant to President Wilson, if needed, for war purposes, being the first Washington firm to make such an offer to the government.

GATES—ALL KINDS. W. W. WILSON & SON.

IN SOCIAL CIRCLES

The luncheon-bridge club was indebted to Mrs. Charles McLean and the hospitality of her beautiful country home for one of the most enjoyable sessions of the season on Wednesday.

The April meeting of the Baptist Missionary Society was fully enjoyed by forty women at the home of Mrs. George Grove on Broadway Wednesday afternoon. Entertaining with Mrs. Grove were Mesdames J. Howard Hicks, John Draise, Thos. Moss, Chas. P. Hard, Ralph Hess.

The devotionals were in charge of Mrs. Paul Hildebrandt.

Mrs. Chas. Cramblet presented an interesting paper on "Some Trials of a Missionary" and Miss Fanny Browning gave "A Congo Sermon." Mrs. Walter McLean read a story, "Leleka, the Chief's Daughter."

The society appreciated a letter from Miss Mary Jones acknowledging their Christmas box sent to her mission at Huchow, China. Miss Jones said the box was one of the best ever received and greatly needed.

Mrs. George L. Hart, Miss Mary Robinson and Miss Mary DeWees were appointed delegates to the Northern Baptist Convention, to be held in Cleveland the middle of May. The hostesses served dainty refreshments before adjournment.

Mrs. Frank McDowell delightfully entertained the ladies club of Bloomingburg, Wednesday afternoon.

The rooms were bright and spring-like with Easter flowers and Easter suggestions were effectively used in a tempting collation.

Mrs. J. M. Willis and Mrs. Anna Jones were guests from this city.

Mrs. Ande E. Henkle gave pleasurable entertainment to the Wednesday club, serving a most appetizing luncheon.

The Elks' ladies social session of Tuesday night at the club rooms was one of the most successful of the season, enjoyed by a hundred and fifty.

The Troubadours, from Chicago, gave a delightful orchestral concert, with readings interspersed, until ten o'clock, when they began to play spirited dance music for informal dancing. Their dance music, perfect in rhythm, aroused great enthusiasm.

The social session committee, Messrs. Wolford, Rowe and Daugherty, had all arrangements in excellent management.

Mrs. George R. Kelly gave a lovely bridge luncheon of twenty-two covers Tuesday for the pleasure of her daughter, Miss Catharine Kelly, and the latter's house guest, and school friend, Miss Dalridge of Ennis, Tex., who are here from Baldwin Seminary at Bryn Mawr, for the Easter vacation.

During the afternoon, informal announcement was made of the engagement of Miss Kelly, to Mr. Chalmers Murphy, but no date for the nuptials was given.

It was a pink luncheon, and every detail was carried out in the delicate rose shades. There were masses of long stemmed Killarney roses, and sweet peas filling the rooms of the lovely home with their fragrance.

Receiving with Mrs. Kelly was Miss Kelly, and in receiving line were Miss Dalridge, Mrs. Rodney Martin of Dayton, and Mrs. Ivan Murphy of Urbana, sister and sister-in-law of Mr. Chalmers Murphy, and Miss Jean Howat of Washington C. H.

Miss Kelly is the elder daughter of Mr. and Mrs. George R. Kelly, and she will finish her education in June at Baldwin school, Bryn Mawr, Penn. She is an attractive girl, a favorite among the younger set of society folk in Xenia.

Mr. Murphy is one of the owners and general manager of the The Greene County Lumber Company, and he has made his home in Xenia for more than two years. He has been prominent in business, and popular socially in this city. Mr. Murphy is building an attractive home on North King street which will be occupied by himself and bride after their marriage.—Xenia Daily Gazette.

The bride to be has frequently been the guest of Miss Jean Howat and at the Stutson home and the announcement will be learned with interest in Washington circles.

Mrs. Charles Pfaltzgraf of Good Hope, entertained a joint meeting of the Good Hope Home Missionary Society and the W. C. T. U., Thursday afternoon.

Eleven members of the Sugar Grove Union were also guests and the afternoon proved both delightful and profitable.

The women felt privileged in having with them Miss Levitt, Deaconess from Columbus made a fine talk on "Social Purity."

Mrs. Ed. Pine and Mrs. Henry Wills of the H. M. Society of Grace M. E. Church, were also welcome guests and made short talks.

A most appetizing lunch was served and the pleasure of the social hour long drawn out. Assisting Mrs. Pfaltz-

The regular monthly meeting of the W. F. M. Society of Grace M. E. Church was held Wednesday afternoon in the Church parlors. Mrs. Alice Adams president presided and Mrs. Roberts had charge of devotionals.

A fine program was carried out. Mrs. Hodson as leader read an excellent paper on "The Continent of Opportunity"—South America and its needs—other readings followed—

very interesting paper on the same theme by Mrs. McClimans, Mrs. Gregg, Mrs. Larrimer, Mrs. Noah Smith, Miss Fannie McLean and Miss Porter. Mrs. Dial read a paper entitled "The Jubilee." A fine address by Rev. Cherrington on the great need of missionary work in South America.

The program was closed by a duet sung by Mrs. Gregg and Mrs. Larrimer, Mrs. Hodson the accompanist. An all day Jubilee will be held in Grace Church, April 12th. After adjournment a delightful social hour

was enjoyed during which delicious refreshments were served by the hostesses, Mesdames, Cherrington, J. A. Melvin and Roberts. A very generous thank offering was received. This offering goes to Montevideo. One of the Jubilee objects for this years is \$30,000 for Montevideo School Building.

SENATE 82 TO 6 FOR WAR

(By American Press)

Washington, April 5.—The resolution declaring that a state of war exists between the United States and Germany passed the senate by a vote of 82 to 6. Senators who cast the negative votes were: Gronna of North Dakota, LaFollette of Wisconsin, Norris of Nebraska, Lane of Oregon, Stone of Missouri and Vardaman of Mississippi.

Senator McCumber's substitute to declare the existence of a state of war upon the sinking of another American ship by Germany previously was defeated without a roll call.

The resolution, drafted after consultation with the state department and already accepted by the house committee, says the state of war thrust upon the United States by Germany is formally declared, and directs the president to employ the entire military and naval forces and the resources of the government to carry on war and bring it to a successful termination.

A sensational charge by Senator Norris, Nebraska, made in debate of the "state of war" resolution that "we are about to put the dollar mark on the American flag," threw the senate into an uproar. Senator Williams, Mississippi, declared that the charge "grazed the edge of treason," and other senators were fully as emphatic. "This is not a war of commerce," said Senator Reed. "It is a war to preserve the American republic."

Senator Harding of Ohio challenged the statement that the war spirit was due to press propaganda. "In voting for this resolution, I am not responding to the alleged hysteria of a subsidized or English-paid press," he said. "I think the American press is the most free and independent, the best advocate of Americanism."

Senator Kenyon of Iowa was the first of the "willful twelve" to announce that he would vote for the war resolution. "I am opposed to war," he said, "and I earnestly wish now that there were some way in which it could be avoided. But matters have now reached a pass where our keeping out of the war is impossible."

Will Do His Duty.

Senator Gronna declared he would vote against going into the war, but concluded with a statement that "when war comes I will do my duty."

Sensors Vardaman, Stone and LaFollette also spoke against the resolution. Senator LaFollette declared: "It was England—not Germany—who refused to obey the declaration of London containing the most humane ideas of naval warfare which could be framed by the civilized world up to that time. Keep that in mind. If this is war upon all mankind, is it not peculiar that the United States is the only nation of all neutrals which regards it necessary to declare war upon Germany?"

In offering the senate resolution as a substitute for its own, the house foreign affairs committee submitted a long report, reviewing the history of submarine warfare, and America's futile protests against it. German intrigues and bomb plots in this country, the effort to ally Japan and Mexico against the United States and the mistreatment of American officials and citizens of Germany.

Only two members of the foreign affairs committee voted against the report, Representatives Shackelford of Missouri, Democrat, and Cooper of Wisconsin, Republican.

Representative Britten of Illinois, Republican, gave notice that he would oppose the resolution in the house, and would offer an amendment to prohibit the use of American troops abroad unless directed by congress. Representative London of New York, Socialist, is the only member who flatly stated his intention to vote against the resolution. Representative Shackelford issued a statement saying "It is no dishonor for an individual or for a government to overlook injuries which it has received."

DELINQUENTS CAN NOT BUY LIQUOR

(Associated Press Cable.)

Stockholm, April 4.—A sudden rush of delinquents to pay up back taxes has been the immediate result of a new regulation providing that pass-books entitling the holder to buy intoxicating liquor will not be issued to persons on the delinquent taxroll. Loss of the electoral franchise until their taxes were paid had not prevented hundreds of delinquents from neglecting to square accounts with the tax collector, but the threat to make it impossible for them to obtain intoxicants has brought some thousands of crowns into the city treasury.

Colds follow exposure

We can't stay in doors in bad weather, and colds often follow exposure. When you have gripe symptoms with sneezes, sniffles and sore throat, get a bottle of Dr. King's New Discovery, for here is a remedy that for nearly fifty years has been the favorite. The soothing healing pine balsams relieve the irritation and stop the cough and the anti-septic qualities kill the germ. Have it handy for grippe, cough and all winter colds. Your druggist has sold it for years.

CENTRALIZATION YES OR NO

(Continued)

Every voter of Union Township and his family are now talking and arguing the question of Centralization of the schools of the township, therefore we do not think a few facts and questions will be amiss at this time.

Everyone whether or not he has children to educate is vitally interested in this subject, because all wish the country child to enjoy educational advantages equal to his city cousin, and at the same time not lay a burden of excessive taxation on those who pay.

There seems to be some speculation as to a bond issue of fifty thousand dollars (\$50,000) for buildings and equipment for centralization, but a little calculation should convince anyone this will be no burden compared with what must come if we do not centralize. It has been proposed to extend the payment of the bonds over a period of 30 years and Union township, the wealthiest township in the county, has a school tax levy of only 1.70 mills against a levy of 4.30 mills in the city and further, the city has a bonded indebtedness far to exceed what is proposed for Union township. We can not blame the city or other townships for wishing to extend their districts so as to take as much valuable taxable property as they can but there are "two sides to the shield" and the voters of Union township should look on the other side.

There are some objections as to having children hauled to school, but what else is being offered? If you are annexed to the city district or to other townships they must be hauled or walk the distance required by law. Why not have the school in the township?

Many would gladly see the schools remain as they are at present, but there seems to be no "middle" ground.

It is centralization NOW or be totally dismembered—part into the city and the remainder into the surrounding townships. Which do you prefer?

We have not the least doubt as to the efficiency of the city schools or the proposed consolidated schools of the other townships, but we think with efficient county and district supervision already established that equal efficiency can be obtained in graded schools located in the free air and wholesome surroundings of the country. Country schools enjoy an especial advantage for teaching such subjects as agriculture, etc., which are necessary to add to the efficiency and enjoyment of country life.

The slogan "Keep the Boys on the Farm" has been sounded again and again through our whole land and hundreds of newspapers and magazine articles have been written to show that the only way to reduce the high cost of living is to increase production by increasing the desirability of country life. Let us help do it by having country schools in our own township.

We must not overlook the fact that some of the most valuable and highest appraised property lies within the territory proposed for annexation and on this must be paid the city tax rate of 4.30 mills—Union township rate is only 1.70 mills now. When this property is taken off the Union township tax duplicate it means the part left must greatly increase its rate to maintain its remaining schools that will (or may) be left for just now proposals are on foot and petitions are out to annex several of the outlying districts to other townships for centralization—this means the increased tax rate without having your school at home. Which do you prefer? To be taken out of your own territory or centralize and keep our schools in Union township and have country schools for country boys and girls?

Think of Union Township without a schoolhouse in it. What does this mean to the market value of 75 per cent of the farm lands in the township? Who wants to buy a farm so isolated from schools? It has never been proposed to haul any school a long distance within the township, nor are fine and expensive buildings desired. Let us have more buildings and less distance. The present buildings when sold will make a nice sum to help pay the expense but if annexed to other territory the money will go to the district taking them.

The taxpayers of this township have already paid for these properties. Are we going to give them gratis to others?

Think over this proposition seriously. Talk it over with your neighbors. Be loyal to your township and do not fail to cast a vote to keep our schools at home and The Boy on the Farm.

A Union Township Booster.

You Can Bake Anything with OHIO-MADE FLOUR

Some flours are good only for bread, others only for pastries—but the flour made in Ohio's mills can be used successfully in any kind of baking. OHIO FLOUR is ideal for the housewife because it frees her from baking worries and makes her baking better.

Look for the Guarantee Label

Many of the best OHIO-MADE FLOURS bear this label as a guarantee of Purity and Quality. Your grocer sells at least one flour so guaranteed. Try it—get better results—and boost one of Ohio's biggest home industries.

"Your Money's Worth"

WHATEVER is your stand-
ard of the worth of your money
in tire equipment and service, we
believe you will find that we will come
closer to meeting it than anyone you have
heretofore dealt with.

We know one of your standards will be the
most possible mileage out of your tires per dollar
invested. You want this mileage without sacri-
fice of comfort, with the greatest degree of
safety and confidence against mishap on the
road. We are meeting those standards succe-
ssfully with

Firestone

PIMPLY? WELL, DON'T BE!
People Notice It. Drive Them Off
with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you
much longer if you get a package of Dr.
Edwards' Olive Tablets. The skin
should begin to clear after you have
taken the tablets a few nights.

Cleanse the blood, the bowels and the
liver with Dr. Edwards' Olive Tablets—the
successful substitute for calomel—
there's never any sickness or pain after
taking them.

Dr. Edwards' Olive Tablets do that
which calomel does, and just as effec-
tively, but their action is gentle and
safe instead of severe and irritating.

No one who takes Olive Tablets is
ever cursed with "a dark brown taste,"
a bad breath, a dull, listless, "no mood"
feeling, constipation, torpid liver, bad
disposition or pimply face.

Dr. Edwards' Olive Tablets are a
purely vegetable compound mixed with
olive oil; you will know them by their
olive color.

Dr. Edwards spent years among pa-
tients afflicted with liver and bowel
complaints, and Olive Tablets are the
immensely effective result.

Take one or two nightly for a week.
See how much better you feel and look.

LOCAL BOYS ENROLL FOR WAR NEED

Clarence Pinkerton, son of Saper-
intendent T. S. Pinkerton, of the Chil-
dren's Home, and Wm. Jefferson, Jr.,
son of Mr. Wm. Jefferson, of Bloom-
ingburg, are both holding responsi-
ble positions with the Cutler Hammer
Co., of Milwaukee, Wis., the first plant
in the United States to be enrolled in
the industrial reserve of the gov-
ernment.

Four hundred and thirty-six Mil-
waukee workers for war need were
enrolled from this plant.

Each man accepted was rated at a
pay in the navy corresponding to some
enlisted man's rating from an ordi-
nary seaman to a captain and his pay
allowed according to his rating. So
that in case of war the man would
receive the same pay as he is now re-
ceiving from the company, as he
would be directly under orders from
the government.

The advantages in enrolling in the
reserve are these, a man enrolled can
not be ordered to or assigned to duty
at any other plant except the one in
which he is now employed.

In time of war he will not be cal-
led on to shoulder arms, unless he
wishes to be transferred to the fight-
ing forces.

The men enrolled will receive a re-
tainer pay of \$1 a month while en-
rolled and should they desire to make
a change in their place of employ-
ment or resign, they will be removed
from the reserve upon notifying the
department at Washington.

The navy department says that the
enrolling is not compulsory and that
it is not a move to draft men into the
fighting forces in time of war. It is
simply a preparedness proposition to
insure the manufacture of munitions
and supplies.

BIG PRICE FOR STEER

A ten-months old steer, slaughtered
by Jas. H. Anderson this week, was
bought from Mr. F. M. Shasteen for
a little over one hundred dollars.

The steer brought 33 1-3 cents per
day for each day of its life.

This certainly tends to show that
the right kind of cattle properly
handled pay.

A RAW, SORE THROAT

Eases Quickly When You Apply
a Little Musterole

And Musterole won't blister like the
old-fashioned mustard plaster. Just
spread it on with your fingers. It pen-
etrates to the sore spot with a gentle
tingle, loosens the congestion and draws
out the soreness and pain.

Musterole is a clean, white ointment
made with oil of mustard. It is fine for
quick relief for sore throat, bronchitis,
tonsillitis, croup, stiff neck, asthma, neu-
ralgia, headache, congestion, pleurisy,
rheumatism, lumbago, pains and aches of
the back or joints, sprains, sore muscles,
bruises, chilblains, frostbite, colds on
the chest (it often prevents pneumonia).
Nothing like Musterole for croup chil-
dren. Keep it handy for instant use.

NEED OF PERMANENT ARMORY IS GROWING

Need of a permanent armory in this
city is growing rapidly as the im-
portance of properly housing and car-
ing for a company of soldiers becomes
more and more apparent.

A few years ago the city council
voted to set aside \$5,000 for the pur-
chase of a lot upon which an armory
was to be erected by the state, but
when this action was taken nothing
further was ever done concerning the
matter, and it has drifted along with-
out an attempt to arouse interest in
the movement.

With the prospect of maintaining
an armed force for a period of two or
three years, talk of permanent quar-
ters has been revived, particularly
since Chillicothe has been awarded
\$15,000 for a state armory building.

—they do more
than please the taste

A cigarette that simply pleases the taste does
only a part of what a cigarette should do—
Besides pleasing the taste, Chesterfields do
another thing, a new thing—
Chesterfields just "touch the spot," they let you
know you are smoking—they "SATISFY"!
And yet, they're mild!
The blend does it—it's the unusual skill in pro-
portioning the costly imported and Domestic tobac-
cos. And the blend can't be copied.
Chesterfields will prove to you that there
can be more to a cigarette than good
taste. Try them and see. Today.

Announcement of Candidacy

Junk & Willett Announce
the candidacy of

for a prominent place in your home.
If elected your long felt want will be most perfectly
supplied.
In what other Cream Separator can you find these
most important features or their equal?

Sanitation

The solid Nickel Silver Skimmer never
rusts. The tinned steel of other separa-
tors soon rusts, gets hard to wash and
unsanitary.
The U. S. Mechanical Washer reduces
still further the small labor of washing.
The removable Liner keeps the bowl
chamber sanitary, also the entire frame
outside and inside.

Convenience

Crank or Pulley, can be used alone, on
either side, or together on opposite sides,
interchangeably.
Bowl empties itself automatically.
Supply can slides back and forth—no
heavy lifting.

The U. S. holds the World's Record for close
skimming.

These are but a few of the many U. S. advantages
that you can't find in other separators. Now see if
you can.
